The Annual Quality Assurance Report
(AQAR) of the IQAC

2016-17

All NAAC accredited institutions will submit an annual self-reviewed progress report to NAAC, through its IQAC. The report is to detail the tangible results achieved in key areas, specifically identified by the institutional IQAC at the beginning of the academic year. The AQAR will detail the results of the perspective plan worked out by the IQAC. *(Note: The AQAR period would be the Academic Year. For example, July 1, 2012 to June 30, 2013)*

7.6 Any other relevant information the institution wishes to add. (for example SWOT Analysis)

Strengths:
- Environment Resource Centre
- HASA
- Decentralised Administrative System (College Mechanism)
- Sports Culture
- ICT
- Spacious building and Infrastructure
- Extension Activities

Weaknesses:

- Need of separate study room and one more science lab. The college has included it in future plan

- Limited scope for development in syllabus and examination pattern.

- Short of funds for introduction of new skill development courses.

Opportunities:

- Huge sports talent in the rural youths

- Already set infrastructure can be used for new courses with small initial investment.

- Existing faculty is an asset for introduction of new professional courses.

- There is a scope for introducing add on courses.

Threats:

- Increasing professional colleges in the surroundings is showing the great challenge for the conventional college.

- Students are rapidly diverting towards professional and skill based courses as compared to these conventional courses

- Global challenges before higher education in India generally becomes threat to the rural colleges like ours.

8. **Plans of institution for next year**

> Organization of an International Seminar.

> Encouraging students for paper presentation as a Socrates Club activity.

> Organization of workshop on waste management

> Organizing a workshop for supportive staff

Best Practice-I

Principal Award

</div>

Goals:
  i.   To develop awareness about overall personality development among students.
  ii. To develop competitive sprit among the students.
  iii. To motivate students for quality and excellence.
  iv. To honour the achievements of the students.
  v.   To give overall exposure to students hidden talent.

The Context:

The college always tries to stick with its slogan – *'Kuni na raho durbal adnya, Yaach sathi ha shikshan yadnya'* – it simply means 'no one should be deprived of knowledge/education and hence, is this educational pit'. To make the rural area students as efficient as the urban students, and to motivate them for competitive era, the college has started this innovative concept. It is helpful for those highly ambitious students who want to fulfil their dreams in their respective fields. For this purpose the last years students performance in his tenure has been evaluated as per the pre set norms and parameters and he or she is offered the prestigious 'Principal Award' every year.

The Practice:

This award is given to the last year students. A three member committee including the principal of the college invite the applications for the said award from these students. The application received are scrutinised by the committee on the pre set parameters like performance in Sports, Culture, NSS as well as academic achievements. The highest achiever in all the areas is declared as 'The Principal Awardee' of the college for the respective academic year. The award consists of Rs.2000/- in cash and two best books of the year. The award is given away in the annual prize distribution ceremony at the auspicious hands of eminent personality. This awardee is invited as a guest for hosting the flag on the Republic Day. This is the special honour given to the awardee.

Evidence of Success:

This innovative activity proved as a successful activity in the college. As a result the large number of students started participating in various sports, cultural and academic activities organised in the college. It has been observed that there is a dire competition among the students to achieve this prestigious award. It indirectly helps in developing overall personality of the students. It also motivates common and average students to participate and perform well in the various events and activities organised by the college.

Problem Encountered and Resources Required:

It has been found that no major problems have encountered as far as this practice is concerned, however taking into account the increasing number of participating students, the nature, and amount of the said award need to be improved. In this regard the college faces some problems in getting sponsorship or funds from external sources.

Best Practice-II
Scholarship Cell

</div>

Goals:

i. To create awareness among the students about various scholarships and financial assistance offered by state, central and various social organisations.
ii. To empower rural and needy students through various scholarships.
iii. To motivate students to achieve higher performance to obtain scholarship throughout the course.
iv. To inspire students to pursue higher education with the help of scholarship.

The Context:

Nowadays the cost of higher education is increasing day by day. Most of the rural students remain out of the periphery of higher education due to financial strains as well as they do not know the various scholarships and financial assistance available for them apart from the routine scholarships. Keeping this in view, the college has established a Separate Scholarship Cell. Prof.S.A.Diwan is wilfully working as the coordinator of this cell. He, apart from regular scholarship schemes, provides counselling and helpdesk for obtaining various 18 state, national level scholarships and financial assistance for the eligible students.

The Practice:

Separate and dedicated cell is established to make the students aware of various scholarships available for them. Prof. S.A.Diwan works as a coordinator of the same. The students are conveyed through notices and classroom instructions. The cell collects all related and necessary documents from students concerned and guides them about various scholarships and financial assistance for which they are eligible. Necessary help and guidance is provided to the students for document verification, opening of bank account and linking Adhar card with it. Proper follow up is taken by the cell to avail as much as scholarships to the students.

Evidence of Success:

It has proved as one of the best and beneficial practice of the college as 495 students of the college have availed various scholarships. Normally the students used to get the regular and routine scholarship. They were not aware of various other 18 scholarships available for them at state and national level. However the cell took initiative and availed the students various state and National level scholarship worth Rs. 30,00,000/-. This contribution of the cell encourages and empowers the rural students at large to pursue their higher education and prevents probable dropout of the students.

Problem Encountered and Resources Required:

Most of the students of the college do not know about these special scholarships, therefore, the cell has to take lot of efforts to communicate the students concerned. The poor connectivity of internet in the rural area is one of major problem occurred while managing online procedure. Separate fund has to be earmarked to strengthen the cell including infrastructure and equipments.
